Over 20,000 Babies Born

San Diego Fertility Center is the top-ranked fertility clinic in the state of California, with success rates well above the national average.

Our 7 award-winning fertility specialists have special expertise in international family-building and have helped patients from all over the world successfully become parents.

Patients have come to San Diego Fertility Center from over 50 countries.

SDFC has extensive experience working with international patients and building effective treatment plans regardless of distance.

Your initial consultation may take place at one of our clinics or via video conference with your doctor. During the consultation you and your doctor will discuss your family-building goals and medical history and collaboratively decide on the best path forward.

We offer:

- **Flexible care plans**
- **Long-distance patient monitoring**
- **Travel assistance before and during your treatment**

Meet Our Physicians

Michael Kettel, MD

Dr. Kettel graduated with honors from the University of Arizona and joined SDFC in 1996. He has made significant contributions to the field through publications, awards, and research in areas including endometriosis, fibroids, and preimplantation genetic diagnosis.

Said Daneshmand, MD

Dr. Daneshmand is an internationally recognized fertility specialist known for his expertise in third-party reproduction. Dr. Daneshmand's work in collaborative family-building and innovative IVF protocols has attracted patients from over 40 countries.

Susanna Park, MD

Dr. Park brings over a decade of experience from Columbia University's renowned IVF program. Since joining SDFC in 2012, she has been recognized as a top doctor and gained a strong reputation for personalized care for both domestic and international patients.

Valerie Flores, MD

Dr. Valerie Flores is an award-winning fertility specialist who is dedicated to compassionate fertility care and advancing medical research. Educated at Yale and Brown University, Dr. Flores's specialties include endometriosis and PCOS.

Sandy Chuan, MD

With expertise in complex IVF cases and third-party reproduction, Dr. Chuan optimizes success through individualized care. Her areas of interest include PCOS, fertility preservation, and male infertility. She has received numerous awards for clinical excellence and teaching.

Bryn Willson, MD

Dr. Willson is dedicated to supporting patients emotionally and physically throughout their fertility journeys. Educated at one of the nation's top hospitals, Dr. Willson combines clinical expertise with a commitment to advocacy, education, and compassionate care.

Brooke Friedman, MD

Dr. Friedman has gained accolades from peers and patients for her warm and personalized approach to patient care. She is an accomplished researcher, specializing in optimizing embryo transfer techniques, recurrent pregnancy loss, and mental health.

Our physicians are fluent in 7 languages, including German
